

CPSC 1045: Worksheet 1

Please answer in a separate file. In your answer include the question followed by the answer. Submit your completed worksheets into dropbox on D2L.

1) Write an HTML page that contains a list all the months of the year with 31 days. Give your page an appropriate title and heading.

2) What is a <div> tag?

3) What is a <h1> tag?

4) Why do you need to include the <meta charset="UTF-8">

5) The following HTML contain errors. Fix the errors:

```
<DOCTYPE html>
<head>
  <title> Worksheet example</tilte>
  <meta charset="UTF8">
</head>
<body>
  <h1>Worksheet 1<h1>
  <article class="intro">
    <p>Let me enter some text here.    It will be
      Something really odd for people to see.

  </article>
  <div class="prologue">
    We can let CSS style    this one.
    <h> Yup CSS!</h1>
  </div>
</body>
</html>
```
